BACKGROUND INFORMATION

The County of Ingham is a county located in the U.S. state of Michigan. As of the 2010 census, the population was 280,895. The county seat is Mason. Lansing, the state capital of Michigan, is located within the county, and is the only state capital located in a county that is not also its seat of government. The county is home to Michigan State University, Lansing Community College, and the Class A minor league baseball team Lansing Lugnuts. The County of Ingham is included in the Lansing-East Lansing, Michigan Metropolitan Statistical Area. It is considered to be a part of Mid-Michigan. County of Ingham serves all people, including minority populations, low-income populations, the elderly, persons with disabilities, and those who traverse the county. The County of Ingham recognizes its responsibility to provide fairness and equity in all of its programs, services, and activities, and that it must abide by and enforce federal and state civil rights legislation.

Based on federal regulations (23 CFR Part 200 and 49 CFR Part 21), states are required to meet certain standards of oversight and reporting in regard to civil rights laws and regulations. The Michigan Department of Transportation (MDOT), as part of its compliance with these regulations, requires that all sub-units of the State (cities, townships, counties etc.) that receive federal funding through MDOT adopt a Title VI Plan.

Title VI of the Civil Rights Act of 1964, is the overarching civil rights law which prohibits discrimination based on race, color, or national origin, for any program, service or activity that receives federal assistance. Specifically, Title VI assures that,

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activity receiving federal assistance."

Title VI has been broadened by the following related statutes, regulations and executive orders:

- Section 324 of the Federal-Aid Highway Act, which is the enabling legislation of the Federal Highway Administration (FHWA), prohibits discrimination based on sex.

- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 prohibits unfair and inequitable treatment of persons as a result of projects which are undertaken with Federal financial assistance.

- The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of federal-aid recipients and contractors whether those programs and activities are federally funded or not.
Executive Order 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," signed in February of 1994, requires federal agencies to achieve Environmental Justice as part of its mission by identifying disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations.

- Environmental Justice Initiatives are accomplished by involving the potentially affected public in the development of transportation projects that fit within their communities without sacrificing safety or mobility.

- In 1997, the U.S. Department of Transportation (USDOT) issued its DOT Order to Address Environmental Justice in Minority Populations and Low-Income Populations to summarize and expand upon the requirements of Executive Order 12898 on Environmental Justice.

- Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency (LEP)," provides that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program or activity that receives Federal financial assistance.

As a recipient of federal financial assistance, the Ingham County Road Department (the "Ingham Road Dept.") will not restrict an individual in any way from the enjoyment of any advantage or privilege enjoyed by others who are receiving any service, financial aid, or other benefit under its programs or projects. This includes individuals with limited ability to speak, write or understand the English language. Individuals may not be subjected to criteria or methods of administration which cause adverse impact because of their race, color, or national origin; or have the effect of defeating or substantially impairing accomplishment of the objectives of the program because of race, color or national origin. Therefore, the primary goals and objectives of the Ingham Road Dept.'s Title VI Program are:

1. To assign roles, responsibilities, and procedures for ensuring compliance with Title VI of the Civil Rights Act of 1964 and related regulations and directives;

2. To ensure that people affected by our programs and projects receive the services, benefits, and opportunities to which they are entitled without regard to race, color, national origin, age, sex, or disability;

3. To prevent discrimination in our programs and activities, whether those programs and activities are federally funded or not;
4. To establish procedures for identifying impacts in any program, service, or activity that may create illegal adverse discrimination on any person because of race, color, national origin, age, sex, or disability; or on minority populations, low-income populations, the elderly, and all interested persons and affected Title VI populations;

5. To establish procedures to annually review Title VI compliance for specific program areas within the County of Ingham;

6. To set forth procedures for filing and processing complaints by persons who believe they have been subjected to illegal discrimination under Title VI in our services, programs or activities.

As a sub-recipient of federal transportation funds, the Ingham Road Dept. must comply with federal and state laws, and related statutes, to ensure equal access and opportunity to all persons, with respect to transportation services, facilities, activities, and programs, without regard to race, color, national origin, sex, socio-economic status, or geographical location. Every effort will be made to prevent discrimination in any program or activity, whether those programs and activities are federally funded or not, as guaranteed by the Civil Rights Restoration Act of 1987.

The Ingham Road Dept. shall also ensure that its sub-recipients adhere to state and federal law, and include in all written agreements or contracts assurances that the sub-recipient must comply with Title VI and other related statutes. As a sub-recipient who distributes federal transportation funds, the county shall monitor their sub-recipients for voluntary compliance with Title VI. In the event that non-compliance is discovered, a good faith effort will be made to ensure that the sub-recipient corrects any deficiencies arising out of complaints related to Title VI, and that sub-recipients will proactively gauge the impacts of any program or activity on minority populations and low-income populations, the elderly, persons with disabilities, all interested persons and affected Title VI populations.

**DISCRIMINATION UNDER TITLE VI**

This Title VI Plan has been developed by the County on behalf of the Ingham Road Dept. to assure that services, programs, and activities are offered, conducted, and administered fairly, without regard to race, color, national origin, sex, age, or disability of the participants or beneficiaries of federally funded programs, services, or activities (see Title VI Assurances).

There are two types of illegal discrimination prohibited under Title VI and its related statutes. One type of discrimination, which may or may not be intentional, is “disparate treatment.”
Disparate treatment is defined as treating similarly situated persons differently because of their race, color, national origin, sex, disability, or age.

The second type of illegal discrimination is "disparate impact." Disparate impact discrimination occurs when a "neutral procedure or practice" results in fewer services or benefits, or inferior services or benefits, to members of a protected group. With disparate impact, the focus is on the consequences of a decision, policy, or practice rather than the intent.

The Ingham Road Dept.’s efforts to prevent such discrimination must address, but not be limited to, a program’s impacts, access, benefits, participation, treatment, services, contracting opportunities, training, investigation of complaints, allocation of funds, and prioritization of projects; and the overarching functions of planning, project development and delivery, right-of-way, construction, and research.

**AUTHORITIES**

*Title VI of the Civil Rights Act of 1964, 42 USC 2000d to 2000d-4; 42 USC 4601 to 4655; 23 USC 109(h):* Title VI of the Civil Rights Act of 1964 provides that no person in the United States shall, on the grounds of race, color, or national origin (including Limited English Proficiency), be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving federal financial assistance (please refer to 23 CFR 200.9 and 49 CFR 21). Related statutes have broadened the grounds to include age, sex, low income, and disability.

Additional sub-categories based on national origin of primary language spoken may be used, where appropriate, on either a national or a regional basis.

Other agencies, local governments, contractors, consultants that receive these funds are all considered sub-recipients.
DETERMINING AND DISTINGUISHING SIGNIFICANT AND NON-SIGNIFICANT EFFECTS

Scientific, technical, institutional, the public’s value, and the local economic conditions influence the meaning of significant effect. If an alternative would provide a beneficial effect, then the alternative would cause no significant adverse effect. If an alternative would provide an adverse effect, the effect might be significant or the effect might be non-significant.

“Significant” requires considerations of both context and intensity:

(1) **Context:** This means that the significance of an action must be analyzed in several contexts such as society as a whole (human, nation), the affected region, the affected interests, and the locality. Significance varies with the setting of the proposed action. For instance, in the case of a site-specific action, significance would usually depend upon the effects in the local area rather than in the world as a whole. Both short- and long-term effects are relevant.

(2) **Intensity:** This refers to the severity of impact. Responsible officials must bear in mind that more than one agency may make decisions about partial aspects of a major action. The following should be considered in evaluating intensity:

   a. Impacts that may be both beneficial and adverse. A significant effect may exist even if, on balance, the effect would be beneficial.

“Non-significant effect” means no substantial change to an environmental component and this has no material bearing on the decision-making process.

Determinations of “significant” and “non-significant” effects will be made by the County Administrator.

Complaints may be filed with the Title VI Coordinator. Every effort will be made to resolve complaints informally at the lowest level. (See complaint procedures under Section VII).

**Data Collection:** Statistical data on race, color, national origin, English language ability and sex of participants in and beneficiaries of our programs; e.g., impacted citizens and affected communities will be gathered and maintained by the County. The gathering procedures will be reviewed annually to ensure sufficiency of the data in meeting the requirements of the Title VI program.

**Program Reviews:** Special emphasis program reviews will be conducted based on the annual summary of Title VI activities, accomplishments, and problems. The reviews will be conducted by the Title VI Coordinator to assure effectiveness in their compliance of Title VI provisions. The Title VI Coordinator will coordinate efforts to ensure the equal participation in all their programs and activities at all levels. The County does not have any special emphasis programs at this time.

**Title VI Reviews on Sub-Recipients:** Title VI compliance reviews will be conducted annually by the Title VI Coordinator. Priority for conducting reviews will be given to those recipients of federal (U.S. Department of Transportation) funds with the greatest potential of impact to those groups covered by the Act. The reviews will entail examination of the recipients’ adherence to all Title VI requirements. The status of each review will be reported in the annual update and reported to relevant U.S. Department of Transportation (USDOT) modes upon request.

**Annual Reporting Form:** The Title VI Coordinator will be responsible for coordination, compilation, and submission of the annual reporting form data to the Michigan Department of Transportation (MDOT), Civil Rights Program Unit, via the Sub-Recipient Annual Certification Form (MDOT form #0179) by October 5th of each year.

Title VI Program information will also be submitted to sub-recipients, contractors and beneficiaries. Public dissemination will include inclusions of Title VI language in contracts and the publishing the Ingham Road Dept.’s Title VI
Plan, within 90 days of approval, on the Ordinances page of the County’s internet website, at [www.ingham.org](http://www.ingham.org).

When deficiencies are found, procedures will be promptly implemented to correct the deficiencies and to put in writing the corrective action(s). The period to determine corrective action(s) and put it/them in writing to effect compliance may not exceed 90 days from the date the deficiencies are found.

**ENVIRONMENTAL JUSTICE (EJ)**

Compliance with Title VI includes ensuring that no minority or low income population suffers “disproportionately high and adverse human health or environmental effect” due to any “programs, policies and activities” undertaken by any agency receiving federal funds. This obligation will be met in the following ways:

- When planning specific programs or projects, identifying those populations that will be affected by a given program or project;

- If a disproportionate effect is anticipated, following mitigation procedures; and

- If mitigation options do not sufficiently eliminate the disproportionate effect, discussing and, if necessary, implementing reasonable alternatives.

Disproportionate effects are those effects which are appreciably more severe for one group or predominantly borne by a single group. The County will use U.S. Census data to identify low income and minority populations.

Where an Ingham Road Dept. project impacts a small number or area of low income or minority populations, the County will document that:

- Other reasonable alternatives were evaluated and were eliminated for reasons such as the alternatives impacted a far greater number of people or did greater harm to the environment;

- The project’s impact is unavoidable;

- The benefits of the project far out-weigh the overall impacts; and
• Mitigation measures are being taken to reduce the harm to low income or minority populations.

If it is concluded that no minority and/or low income population groups are present in the project area, the County of Ingham will document how the conclusion was reached. If it is determined that one or more of these population groups are present in the area, the County will administer a potential disproportionate effects test.

The following steps will be taken to assess the impact of Ingham Road Dept. projects on minorities and/or low income population groups:

**Step One:** Determine if a minority or low income population is present within the project area. If the conclusion is that no minority and/or low income population is present within the project area, document how the conclusion was reached. If the conclusion is that there are minority population groups and/or low income population groups present, proceed to Step Two.

**Step Two:** Determine whether project impacts associated with the identified low income and minority populations are disproportionately high and adverse. In doing so, refer to the section for determining and distinguishing significant and non-significant elects in the Introduction section of this policy. If it is determined that there are disproportionately high and adverse impacts to minority and low income populations, proceed to Step Three.

**Step Three:** Propose measures that will avoid, minimize and/or mitigate disproportionately high and disproportionate adverse impacts and provide offsetting benefits and opportunities to enhance communities, neighborhoods and individuals affected by proposed project.

**Step Four:** If there remains a high and disproportionate adverse impact to minority or low income populations after mitigation, enhancements, and offsetting benefits to the affected populations, then the following questions must be considered:

**Question 1:** Are there further mitigation measures that could be employed to avoid or reduce the adverse effect to the minority or low income population?

**Question 2:** Are there other additional alternatives to the proposed action that would avoid or reduce the impacts to the low income or minority populations?

**Question 3:** Considering the overall public interest, is there a substantial need for the project?
Question 4: Will the alternatives that would satisfy the need for the project and have less impact on protected populations (a) have other social economic or environmental impacts that are more severe than those of the proposed action (b) have increased costs of extraordinary magnitude?

Step Five: Include all findings, determinations or demonstrations in the environmental document prepared for the project.

PROGRAM COMPLIANCE AND REVIEW GOALS

1. The Ingham Road Dept. Title VI Plan will be communicated to the Ingham Road Department Director who will review the plan with departmental employees. All Department employees will be trained or made aware of the Title VI and LEP policies and complaint procedures.

2. Appendix A will be included in all Ingham Road Dept. contracts as outlined in the Title VI Plan.

3. The County of Ingham's Title VI Plan for the Ingham Road Dept. will be published on the Ordinances page of the County's website www.ingham.org, within 90 days of approval.

4. The language in Number 2 of the Title VI Assurances will be included in all solicitations for bids for work or material subject to the Regulations and in all proposals for negotiated agreements.

5. The procedure(s) for responding to individuals with Limited English Proficiency will be implemented.

6. A review of the facilities will be conducted in reference to compliance with the American Disabilities Act.

7. The following data will be collected and reviewed by the Title VI Coordinator and included, where appropriate, in the annual report submitted to MDOT.

   a. Boards and Commissions: The number of vacancies; how vacancies are advertised and filled; the number of applicants; the representation of minorities will be evaluated.

g. **Right of Way/Eminent Domain:** The number of such actions and diversity of individual(s) affected.

h. **Program Participants:** Racial data of program participants where possible.

This assurance is required by subsection 21.7 (a) (1) and (b) of the Regulations. Compliance goes towards the end that in accordance with the Act, Regulations, and other pertinent directives, no person in the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient received Federal financial assistance from the Department of Transportation, including the Federal Highway Administration. The Recipient hereby gives assurances that it will promptly take any measures necessary to effectuate this agreement.

More specifically, and without limiting the above general assurance, the Recipient hereby gives the following specific assurance with respect to the Federal Aid Highway Program:

1. That the Recipient agrees that each "program" and each "facility" as defined in subsections 21.23(e) and 21.23(b) of the Regulations, will be (with regard to a "program") conducted, or will be (with regard to a "facility") operated in compliance with all requirements imposed by, or pursuant to, the Regulations.

2. That the Recipient shall insert the following notification in all solicitations for bids for work or material subject to the Regulations and made in connection with all Federal Aid Highway Programs and, in adapted form, in all proposals for negotiated agreements:
"The County of Ingham, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, SubTitle A, Office the Secretary, Part 21, Nondiscrimination for Federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

3. That the Recipient shall insert the clauses of Appendix A of this assurance in every contract subject to the Act and the Regulations.

4. That the Recipient shall insert the clauses of Appendix B of this assurance, as a covenant running with the land, in any deed from the United States effecting a transfer of real property, structures, or improvements thereon, or interest therein.

5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the assurance shall extend to the entire facility and facilities operated in connection therewith.

6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the assurance shall extend to rights to space on, over or under such property.

7. That the Recipient shall include the appropriate clauses set forth in Appendix C of this assurance, as a covenant running with the land, in any future deeds, leases, permits, licenses, and similar agreements entered into by the Recipient with other parties: (a) for the subsequent transfer of real property acquired or improved under the Federal Aid Highway Program; and (b) for the construction or use of or access to space on, over or under real property acquired, or improved under the Federal Aid Highway Program.

8. That this assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property or interest therein or structures or improvements thereon, in which case the assurance obligates the Recipient or any transferee for the longer of the following periods: (a) the period during which the property is used for a purpose for which the Federal financial assistance is extended, or
for another purpose involving the provision of similar services or benefits; or (b) the period during which the Recipient retains ownership or possession of the property.

9. The Recipient shall provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom it delegates specific authority to give reasonable guarantee that it, other recipients, sub-grantees, contractors, subcontractors, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Act, the Regulations and this assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Act, the Regulations, and this assurance.

This assurance is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property, discounts or other Federal financial assistance extended after the date hereof to the Recipient under the Federal Aid Highway Program, and is binding on it, other recipients, sub-grantees, contractors, sub-contractors, transferees, successors in interest and other participants in the Federal Aid Highway Program. SECTION V
LIMITED ENGLISH PROFICIENCY PLAN
LIMITED ENGLISH PROFICIENCY (LEP) PLAN

On August 11, 2000, President William J. Clinton signed an executive order, Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency, to clarify Title VI of the Civil Rights Act of 1964. Its purpose was to ensure accessibility to programs and services to otherwise eligible persons who are not proficient in the English language.

This executive order stated that individuals who do not speak English well, and who have a limited ability to read, write, or understand English, are entitled to language assistance under Title VI of the Civil Rights Act of 1964 with respect to a particular type of service, benefit, or encounter. These individuals are referred to as being limited in their ability to speak, read, write, or understand English, hence the designation, “LEP,” or Limited English Proficient. The Executive Order states that:

“Each federal agency shall prepare a plan to improve access to its federally conducted programs and activities by eligible LEP persons. Each plan shall be consistent with the standards set forth in the LEP Guidance, and shall include the steps the agency will take to ensure that eligible LEP persons can meaningfully access the agency’s programs and activities.”

Not only do all federal agencies have to develop LEP plans as a condition of receiving federal financial assistance, recipients have to comply with Title VI and LEP guidelines of the federal agency from which funds are provided as well.

Federal financial assistance includes grants, training, use of equipment, donations of surplus property, and other assistance. Recipients of federal funds range from state and local agencies, to nonprofits and organizations. Title VI covers a recipient’s entire program or activity.

The US Department of Transportation published the Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient Person in the December 14th, 2005 Federal Register. This guidance applies to all DOT funding recipients, which include state departments of transportation, state motor vehicle administrations, airport operators, metropolitan planning organizations, and regional, state, and local transit operators, among many others. Coverage extends to a recipient’s entire program or activity, i.e., to all parts of a recipient’s operations. This is true even if only one part of the recipient receives the Federal assistance. For example, if DOT provides assistance to a state department of transportation to rehabilitate a particular highway on the National Highway System, all of the operations of the entire state department of transportation—not just the particular highway program or project—are covered by the DOT guidance.
The Ingham Road Dept. receives funds from the US Department of Transportation via the Federal Highway Administration, therefore, as the Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient Person implies, the Ingham Road Dept. is an organization that must follow the guidance set forth in that policy.

ELEMENTS OF AN EFFECTIVE LEP POLICY

The US Department of Justice, Civil Rights Division, has developed a set of elements that may be helpful in designing an LEP policy or plan. These elements include:

1. Identifying LEP persons who need language assistance;
2. Identifying ways in which language assistance will be provided;
3. Training Staff; and
4. Providing notice to LEP persons.

These recommended plan elements have been incorporated into this plan. In addition, the recommended method of evaluating accessibility to available transportation services is the Four-Factor Analysis identified by the US Department of Transportation (USDOT), outlined below.

METHODOLOGY FOR ASSESSING NEEDS AND REASONABLE STEPS FOR AN EFFECTIVE LEP POLICY

The USDOT guidance outlines four factors recipients should apply to the various kinds of contacts that they have with the public, to assess language needs and decide what reasonable steps they should take to ensure meaningful access for LEP persons:

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by a program, activity, or service of the recipient or grantee;
2. The frequency with which LEP individuals come in contact with the program;
3. The nature and importance of the program, activity, or service provided by the recipient to the LEP Community; and
4. The resources available to the County of Ingham and overall cost.

The greater the number or proportion of eligible LEP persons, the greater the frequency with which they have contact with a program, activity, or service. The greater the importance of that program, activity, or service, the more likely enhanced language services will be needed. The intent of USDOT's guidance is to suggest a balance that ensures meaningful access by LEP persons to critical services while not imposing undue burdens on small organizations and local
governments. Smaller recipients with more limited budgets are typically not expected to provide the same level of language service as larger recipients with larger budgets.

The USDOT guidance is modeled after the Department of Justice’s guidance and requires recipients and sub-recipients to take steps to ensure meaningful access to their programs and activities to LEP persons. More information for recipients and sub-recipients can be found at http://www.lep.gov.

**ANALYSIS FOR THE COUNTY OF INGHAM**

**LIMITED ENGLISH PROFICIENCY PLAN**

This plan uses the recommended four-factor analysis of an individualized assessment, considering the four factors outlined by USDOT. Each of the following factors is examined to determine the level and extent of language assistance measures required to sufficiently ensure meaningful access to the Ingham Road Dept.’s services and activities that may affect a LEP person’s quality of life. Recommendations are then based on the results of the analysis.

**Factor 1: The Proportion, Numbers and Distribution of LEP Persons**

The Census Bureau has a range for four classifications of how well people speak English. The classifications are: ‘very well,’ ‘well,’ ‘not well,’ and ‘not at all.’ For our planning purposes, we are considering people that speak English less than ‘very well’ as Limited English Proficient persons.

As seen in Table #1 (Source: American Fact Finder Website), the Census 2013 Data for the County of Ingham shows a small number of the population that speak English less than ‘very well.’

**DP02: SELECTED SOCIAL CHARACTERISTICS IN THE UNITED STATES**

#### Factor 2: Frequency of Contact with LEP Individuals

The County has conducted an informal survey of Ingham Road Dept. employees with regard to whether they have had encounters with LEP individuals in the performance of their job functions and found that they have had encounters with LEP individuals. We have offices accessible to the public and therefore accessible to LEP individuals. We also have staff that work in the field that could encounter LEP individuals. Additionally, regular public meetings are held, which would potentially bring LEP individuals to these meetings. Given the number of LEP individuals, as displayed in Table #1 (above), the probability of our employees to encounter an LEP individual is moderate to low.

#### Factor 3: The Nature and Importance of the Program, Activity, or Service to LEP

The Ingham Road Dept. individuals throughout our community in a variety of ways including management of roads, water and sewer service, and other various activities provided to residents and other individuals, such as visitors and those traveling through our community. The nature of the services that the County provides may be important to an individual’s day-to-day life, and the denial of services to an LEP individual could have a detrimental effect. The County of Ingham will make an effort to ensure accessibility to all of Ingham Road Dept.’s programs, services, and activities.
Factor 4: The Resources Available and Overall Cost

US Department of Transportation Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient (LEP) Persons published in the Federal Register: December 14, 2005 (Volume 70, Number 239) states:

“A recipients level of resources and the costs imposed may have an impact on the nature of the steps it takes in providing meaningful access to LEP persons. Smaller recipients with more limited budgets are not expected to provide the same level of language services as larger recipients with larger budgets. In addition, “reasonable steps” may cease to be reasonable where the costs imposed substantially exceed the benefits. Recipients should carefully explore the most cost-effective means of delivering competent and accurate language services before limiting services due to resource concerns.”

The Ingham Road Dept. has limited resources. However, based on the Michigan Department of Transportation’s requirements, it has include a LEP section in its Title VI Plan in order to comply with the Executive Order and to ensure access and reasonable accommodations for LEP persons who may be unknown at this time.

Although there will not be a fixed amount allocated from our yearly budget for the translation of documents, the cost associated with the necessary translation of documents, in order to comply with LEP requirements, will be allocated on an as needed basis, upon request.

SAFE HARBOR STIPULATION

Federal law provides a “Safe Harbor” situation so that recipients of federal funding can ensure with greater certainty that they comply with their obligation to provide written translations in languages other than English. A “Safe Harbor” means that if a recipient provides written translation in certain circumstances, such action will be considered strong evidence of compliance with the recipient’s written-translation obligations under Title VI.

The failure to provide written translations under the circumstances does not mean there is non-compliance, but rather provides a guide for recipients that would like greater certainty of compliance than can be provided by a fact-intensive, four factor analysis. For example, even if a Safe Harbor is not used, if written translation of a certain document(s) would be so burdensome as to defeat the legitimate objectives of its program, it is not necessary. Other ways of providing meaningful access, such as effective oral interpretation of certain vital documents, might be acceptable under such circumstances.
Strong evidence of compliance with the recipient’s written translation obligations under “Safe Harbor” includes providing written translations of vital documents for each eligible LEP language group that constitutes 5% or 1,000, whichever is less, of the population of persons eligible to be served or likely to be affected or encountered. Translation of other documents, if needed, can be provided orally. This “Safe Harbor” provision applies to the translation of written documents only. It does not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable.

Given the small number of LEP language group members, the Ingham Road Dept. budget, and number of staff, it is deemed that written translations of vital documents would be so burdensome as to defeat the legitimate objectives of our programs. It may be more appropriate for the Ingham Road Dept. to proceed with oral interpretation options for compliance with LEP regulations.

**PROVIDING NOTICE TO LEP PERSONS**

USDOT LEP guidance says that once an agency has decided that it will provide language service, it is important that the recipient notify LEP persons of the services that are available free of charge. Recipients should provide this notice in languages LEP persons would understand.

The guidance provides several examples of notification including:

1. Signage, in languages that an LEP individual would understand, that free language assistance is available with advance notice;
2. Stating in outreach documents that free language services are available from the agency; and
3. Working with community-based organizations and other stakeholders to inform LEP individuals of the recipient’s services, including the availability of language assistance services.

Statements in languages that an LEP individual would understand will be placed in public information and public notices informing LEP individuals that those requiring language assistance and/or special accommodations will be provided the requested service free of charge, with reasonable advance notice to the County of Ingham.
OPTIONS AND PROPOSED ACTIONS

What are the Options?

Federal fund recipients have two (2) main ways to provide language services: oral interpretation either in person or via telephone interpretation service, and written translation. The correct mix should be based on what is both necessary and reasonable in light of the four-factor analysis.

The County of Ingham is defining an interpreter as a person who translates spoken language orally, as opposed to a translator, who translates written language or who transfers the meaning of written text from one language into another. The person who translates orally is not a translator, but an interpreter.

Considering the relatively small size of the Ingham Road Dept., the small number of LEP individuals in the service area, and limited financial resources, it is necessary to limit language aid to the most basic and cost-effective services. However, when requested appropriate assistance will be provided.

What the County of Ingham will do and what actions will it take?

The County of Ingham will:

- Notify the public that interpreter services are available upon request, with seven calendar day advance notice;
- With the seven day advance notice, provide interpreter services at public meetings, including language interpreters and signage for the hearing impaired;
- Utilize the Translators Resource List as provided by MDOT for translation services and verbal interpretation;
- Distribute the Census Bureau “I-speak” Language Identification Card included with this policy to all employees that may potentially encounter LEP individuals; and
- Make the Ingham Road Dept. complaint form available online and upon request.

In the event that an Ingham Road Dept. employee encounters a LEP individual, they will follow the procedure listed below:

Office Encounter:

1. Provide an I-speak language identification card to determine the language spoken of the LEP individual.
2. Once the foreign language is determined, provide information to the Title VI Coordinator who will contact an interpreter from MDOT’s Translators Resource List.

3. If the need is for a document to be translated, the Title VI Coordinator will have the document translated and provided to the requestor as soon as possible.

Road Encounter:

1. Road crew employee will immediately contact the Title VI Coordinator for assistance, and provide an I-speak language identification card to the LEP individual to determine the language spoken of the individual.

2. Once the foreign language is determined, provide information to Title VI Coordinator who will contact an interpreter from MDOT’s Translators Resource List to provide telephonic interpretation.

3. If the need is for a document to be translated, the Title VI Coordinator will have the document translated and provided to the requestor as soon as possible.

In Writing:

1. Once a letter has been received it will be immediately forwarded to the Title VI Coordinator.

2. The Title VI Coordinator will contact a translator from the MDOT’s Translators Resource List to determine the specifics of the letter request information.

3. The Title VI Coordinator will work with the selected agency to provide the requested service to the individual in a timely manner.

Over the Phone:

1. If someone calls into the Ingham Road Dept. office speaking another language every attempt will be made to keep that individual on the line until an interpreter can be conferenced into the line and if possible determine the language spoken of the caller.

2. Once the language spoken by the caller has been identified, we will proceed with providing the requested assistance to the LEP individual.

The County of Ingham’s Staff Training:

The Ingham Road Dept.’s staff will be provided training on the requirements for providing meaningful access to services for LEP persons.
